

MICHELAGO PUBLIC SCHOOL

Term 2 June 7 2019.

This week has sent us all a cold, wintery blast and our children are very excited about the snow!

We were fortunate to have Kaitlin, our local hairdresser, present a workshop to all the students last Friday. The students certainly took on board her advice about hair care. Kaitlin has offered to cut the students hair at school every six weeks. This service would operate after school and there would be a set price.

As we approaching the end of term, it is important to note reports will be sent out at the end of Week 8.

We would encourage parents to make time for an interview to discuss your child's/children's progress.

I am hoping to hold a focus group meeting with interested parents later in the term to discuss the school's progress, ideas for improvement and the challenges we face as a small community school.
